STANDARD JOURNAL ARTICLE IN DETAIL

1. Find the PubMed entry for the article being cited.

2. Copy and paste the article information from PubMed in the order shown in the example below.

1. Ader DN, South-Paul J, Adera T, Deuster PA. Cyclical mastalgia: prevalence and associated health and behavioral factors. J Psychosom Obstet Gynaecol. 2001 Jun;22(2):71-6. doi: 10.3109/01674820109049956.

Author surnames and initials
List to 6 authors before using "et al."
Remember to delete any superscript numbers.

Search results for "Cyclical mastalgia: prevalence and associated health and behavioral factors". The top result is from J Psychosom Obstet Gynaecol, 2001 Jun;22(2):71-6. The DOI is 10.3109/01674820109049956. The article title is highlighted in blue. The author information is highlighted in yellow.

Abbrev Journal Title, Date of publication;volume(issue):pages
(Note punctuation; sometimes other details are included here (incl. doi, Epub date)—always copy/paste the whole line!)

Article title
Only capitalize the first letter of the first word; if the title has a period in the middle, then also capitalize the first letter after period.

Cyclical mastalgia: prevalence and associated health and behavioral factors.

Ader DN¹, South-Paul J, Adera T, Deuster PA.

Author information

Search results for "Cyclical mastalgia: prevalence and associated health and behavioral factors". The top result is from Taylor & Francis Online. The DOI is 10.3109/01674820109049956. The article title is highlighted in red.

Cyclical mastalgia - Taylor & Francis Online
<https://www.tandfonline.com/doi/pdf/10.3109/01674820109049956>
by DN Ader · 2001 · Cited by 127 · Related articles

Article page for "Cyclical mastalgia: prevalence and associated health and behavioral factors". The article title is highlighted in red. The DOI is 10.3109/01674820109049956. The abstract is visible.

Digital object identifier (doi)
After typing "doi:", copy and paste the digital object identifier, either from the PubMed entry or article page on the publisher's website (found by clicking one of the "Full text links" in PubMed or using Google or another search engine). Note: not every article has a doi (especially older articles).

Search results for "Evaluation and management of breast pain". The top result is from Breast J, 2004 Mar;7(3):353-72. The DOI is 10.1007/s12262-013-0813-8. The article title is highlighted in blue.

Evaluation and management of breast pain.

Smith RL¹, Pugh S, Fitzpatrick LA.

Author information

Sometimes the doi can be found here

Tip: Can't find the PubMed article entry? Try pasting the article title twice in the search field before clicking "Search" OR try placing quotation marks around the article title OR try other adding other details (e.g., author surname, journal title) to the search query OR search just the **Abbrev. journal title. Date of publication;volume(issue):pages** or **doi**

Tip: Can't find the PubMed article entry? If after trying the above tips, maybe the article simply is not indexed in the PubMed database; in that case, use the format above to manually type the article details into your reference list. A list of journal title abbreviations can be found at ftp://ftp.ncbi.nih.gov/pubmed/J_Medline.txt – **tips:** (1) save this file for future reference; (2) if the specific journal that you are looking for is not on this list, use the individual components (by searching within the file using ctrl+f [or cmd+f on a Mac]) of other journal titles to build your desired journal abbreviation.
