Does your manuscript have a reference number? No Yes If yes, enter number here:

Authors' contributions

Please list the contributions made by each author to the manuscript (e.g., literature search, figures, study design, data collection, data analysis, data interpretation, writing, etc). If two or more authors contributed equally, please indicate this.

Role of the funding source

In this section, you should disclose any funding sources and their involvement, if any, in writing the manuscript or the decision to submit it for publication. Involvement may include data collection, analysis, or interpretation; trial design; patient recruitment; or any aspect pertinent to the study. Please also disclose whether or not any company (e.g., pharmaceutical company) or agency has paid you to write this manuscript. If you are the corresponding author, please indicate if you had full access to all study data. Please also note who had final responsibility for the decision to submit the manuscript for publication.

Conflicts of interest

Please complete the ICMJE Form for Potential Conflicts of Interest, which is available at <http://www.icmje.org/conflicts-of-interest/>. Please ensure that a conflict of interest statement is included at the end of the manuscript, and that this statement matches what is declared on the ICMJE conflict of interest form.

Patient consent (if applicable) – This section is mandatory for case reports, case series, and research involving human subjects.

Please sign below to confirm that all necessary consents required by applicable law from any relevant patient, research participant, and/or other individual whose information is included in the article have been obtained in writing. Scanned copies of only the ECAJS Patient/Participant Consent Form(s) must be included with your submission to the *East and Central African Journal of Surgery*. All other consent forms should be retained by the relevant institutions and investigators.

I agree with: the plan to submit to the *East and Central African Journal of Surgery*; the contents of the manuscript; to being listed as an author; and to the conflicts of interest statement as summarised. I have had access to all the data in the study (for original research articles) and accept responsibility for its validity.
